

Immediate Post Graduation Plans

Class of 2014-2015

Each year, the Career Center surveys the UMBC graduating class to assess their post-graduation employment status and continuing education goals. Graduates are surveyed just before graduation. Employment data is also gathered from graduates' LinkedIn profiles, and faculty/staff updates. Included below is a summary of the reported results for the class of 2014-2015 as of August 2015.

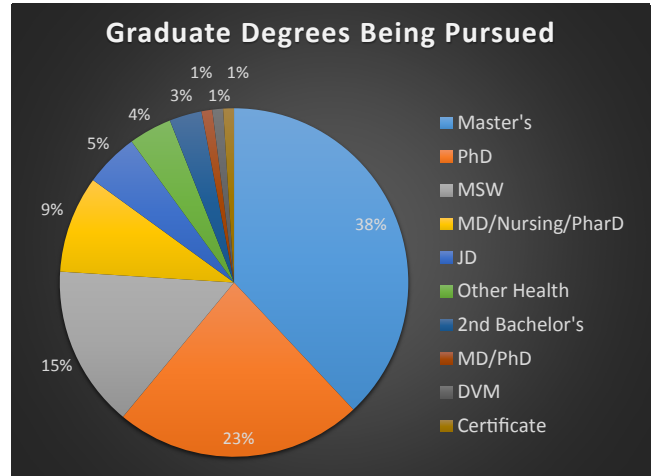

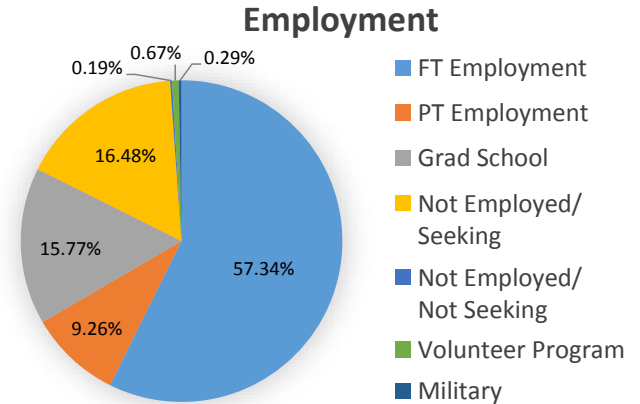

Data was collected on 2,108 undergraduate and graduate degree recipients for an overall knowledge collection rate of 65% (undergraduate students 67%, and graduate students 61%).

Of Those Employed:

77% are in positions directly related to their career goals

62% previously interned or worked for that organization while at UMBC

83% of all undergraduate senior survey respondents engaged in Applied Learning during their time at UMBC

\$60,000-\$69,999

UMBC prepared me for my future by:

"Providing me with an education that I can be proud of."

"Giving me internship opportunities which built up my resume and prepared me for the working world. These opportunities set me apart from the many applicants with the same degree as me."

"Providing excellent research experience that eventually led me to find a job."

"Presenting and engaging me with various career prospects based on my graduate degree."

"Providing a diverse and dynamic learning environment with an open and safe space for learning and exchange of ideas. I have made life-long friends with people from all over the world!"

"Building my confidence in pursuing the career of my choice and knowing that I can achieve any goal that I set forth towards."
